CERTIFICATION OF GRADUATION FROM A BOARD-APPROVED NURSING EDUCATION PROGRAM LOCATED OUTSIDE OF THE UNITED STATES AND THE TERRITORIES of AMERICAN SAMOA, GUAM, NORTHERN MARIANA ISLANDS, and U.S. VIRGIN ISLANDS¹

Carefully read the following information and instructions
prior to completing the enclosed forms.

Important Note: To practice nursing in Massachusetts, you must hold a valid, current license issued by the Massachusetts Board of Registration in Nursing (Board). Temporary licenses are not issued. Nursing practice as a “Graduate Nurse” is illegal in Massachusetts.

Nurse Licensure Requirements

[M.G.L. c. 112, s. 74 & 74A, and Board regulations at 244 CMR 8.00]

1. **Registered Nurse (RN):** graduation from an RN education program approved by the Massachusetts Board of Registration in Nursing (Board). **Practical Nurse (PN):** graduation from a Board-approved RN or PN program. Graduates of a nursing education program whose language of instruction and/or textbooks was not English must demonstrate English proficiency; see section II below.
2. Good moral character, as established by the Board.
3. Achievement of a pass score on the National Council Licensure Examination (NCLEX®) for Registered Nurses or Practical Nurses based on type of licensure applied for.
4. Payment of all required fees.

Federal law requires non-US educated health care professionals to successfully complete a screening program before receiving an occupational visa. This screening requires nurses to have earned either an *International Commission on Health Professionals VisaScreen™ Certificate* (applicable to RN licensure only) or have passed the National Council Licensure Examination (NCLEX®). Canadian RNs, previously licensed in Massachusetts by reciprocity of their Canadian RN, are not eligible to apply to the Board to write the NCLEX®-RN.

Education and English Proficiency Requirements

1. To meet the Board’s educational requirements for certification, you must be a graduate of:
 - a senior secondary school education (high school) that is separate from nursing education; and
 - a government-approved, general nursing program that provided theory and clinical education which, in the opinion of the Board, maintains standards substantially the same as those required for approval of a registered nursing education program in Massachusetts *and* which program is approved by the nursing board or corresponding body in the jurisdiction where the program is located.
 - **Registered Nurse (RN):** You must be educated and hold licensure in good standing as a “first-level, general” nurse (International Council of Nurses).
 - **Practical Nurse (PN):** You must be educated and hold licensure in good standing as a “second-level, general” nurse (International Council of Nurses).
2. Graduates of a nursing education program whose language of nursing education (classroom instruction, course textbooks, and clinical practice) was not English must demonstrate English proficiency before writing the NCLEX®.

¹ Graduates of programs located in the U.S. Territory of Puerto Rico must use this form to certify their nursing education.
