National Nail Technology Practical Examination 28
Frequently Asked Questions 34

Introduction

The *Candidate Handbook* is intended to help you to prepare and to understand the processes and procedures for applying for licensure and for scheduling your examination(s). The Arizona Board for Cosmetology (the “Board”) is responsible for licensing and regulating the profession of Nail Technology in the State of Arizona. The Board has contracted with Professional Credential Services (“PCS”) to provide administrative examination services. The Board, through PCS, will exclusively use the National-Interstate Council of State Boards of Cosmetology (“NIC”) examinations. Any questions regarding your application or eligibility should be directed to the State Board office. The State Board will have the final authority to approve the issuance of a license.

State Licensure Requirements

Eligibility Requirements

If you wish to obtain a license in the state of Arizona, please contact the Arizona State Board office at (480) -784-4539, ext. 240 or visit <http://www.azboc.gov>.

Reinstatement

If you wish to reinstate your expired Arizona license, please contact the Arizona State Board office at (480) -784-4539, ext. 240 or visit <http://www.azboc.gov>.

One Year Limit

Pursuant to Arizona law, if one year or more elapses between your initial examination and reexamination, you shall take both the written and practical parts of the examination. If you do not pass the theory and practical within one year of the first examination taken you must register with PCS for both examinations and apply with the Arizona State Board.

Examination Fees

Fees are due at the time you complete your online application with PCS. We accept Visa, Master Card, and Discover. All fees are **non-refundable**.

Examination Type	First Time Fees	Re-Exam Fees
Nail Tech Theory & Practical	\$ 177.00	\$ 177.00
Nail Tech Theory	\$ 100.00	\$ 100.00
Nail Tech Practical	\$ 77.00	\$ 77.00

! You must sit for at least one examination within one calendar year of your registration date with PCS or the examination fees are no longer valid.

Application Approval Process

Once an online registration has been completed, the State Board Office will receive notification to review your file. If eligible, the State Board Office will approve your registration and notify PCS. PCS will then assign you to the first available practical examination (date based on State Board approval date and seating availability) and forward a notification to PSI regarding your theory examination.

Examination Notification

Once your application has been approved, PCS will forward the following notifications via e-mail.

1. A Theory Authorization to Test (ATT) letter will be sent via e-mail within one business day.
2. A Practical Notification providing you with the date of your assigned exam will be sent via e-mail within one business day.
3. A Practical Admission Notice confirming your assigned date, time, and location will be sent via e-mail 10 business days prior to your examination date.

! If you do not receive any e-mails within the time frame listed above, it is your responsibility to check your PCS account and reprint this information. If you are unable to access your account, it is your responsibility to contact PCS at (888) 822-3272.

Examination Scheduling

Theory Examination Scheduling

Once you have received your ATT letter, you must contact PSI to schedule your theory appointment.

- Schedule online – <http://www.psiexams.com>
- Schedule with PSI representative at (800) 733-9267 (Monday – Friday 7:30 AM to 8:00 PM EST, Saturday 11:00 AM to 5:00 PM EST)
- Schedule with PSIs Interactive Voice Response System during non business hours at (800) 733-9267.

Theory Rescheduling Policy

You may reschedule your theory examination without forfeiting your fee by contacting PSI at least 2 business days prior to your scheduled date. You may call (800) 733-9267 or fax (702) 932-2666. You may also use the automated system using a touch-tone phone (24 hours a day) to cancel or reschedule your examination.

Practical Examination Scheduling

When you register online, the board approval process will occur. Once you have been approved by the board, you will automatically be scheduled for the first available practical examination date. You **must** be prepared to take the first available practical examination. You will be notified via e-mail of your practical examination date. If you are unable to take your practical examination on the date you are assigned, a rescheduling fee will be required.

Practical Rescheduling Policy

Rescheduling is not permitted for the practical examination unless you are hospitalized or involved in a traffic accident on the way to the test center which prevents you from arriving on time. In these cases, e-mail documentation to your coordinator at azcos@pcshq.com or uploaded documentation onto your homepage.

Inclement Weather Policy

In the event of inclement weather or similar emergency, a scheduled examination may be canceled or delayed. However, this decision is made only in rare instances and at the discretion of PCS and/or PSI. If a test center is open for testing, and you choose not to appear for your scheduled examination, your fee will be forfeited. You will have to reschedule your appointment and resubmit the appropriate fee to PCS. If you have reason to question whether or not a center will be closed due to an emergency, please call PCS to make inquiries regarding the practical examination and PSI for inquiries regarding the theory examination.

Examination Day Requirements

What do I need to take with me to the examination?

- Admission Notice (practical) or ATT Letter (theory)
- A current 2"x 2" passport type photo
- Two (2) forms of identification with one form must be a government issued photo id (see below)
- Examination Supplies

If you fail to bring these items, you will not be allowed to take the examination and you will forfeit your examination fee.

Acceptable Forms of Identification

Both forms of Identification must be listed under the same name that is listed on your PCS account.

Primary ID (current, non-expired Governments Issued ID)

- State issued Driver's License
- State issued Identification Card
- US Government issued Passport
- US Government issued Military Identification Card
- US Government issued Alien Registration Card

Secondary ID (signature, non-expired)

- Credit Card or Debit (ATM) Card
- Social Security Card
- US issued Birth Certificate
- An alternate form of Primary ID (i.e. if you have a Driver's License, you can bring your US Passport as a Secondary ID)

Arrival

You must arrive at the test center at least thirty (30) minutes prior to your examination for registration. If you arrive past your examination time, you will not be permitted to test.

General Examination Policies

Security Policy

Suspected security breaches during either the theory or practical test administrations, such as an act of impersonation, creating a disturbance, giving or receiving unauthorized information or aiding other candidates, attempting to remove test information by any means, possessing prohibited materials or sharing supplies may be sufficient cause to dismiss you from the examination site or to invalidate or cancel your scores. Suspected breaches may be identified by observation or suspicion by the test center staff, or may be evidenced by subsequent statistical analysis of examination materials. PCS reserves the right to investigate each incident of misconduct and will report such incidents directly to the Board. The Board will make all final decisions on examination score invalidations or cancellations. **No visitors, guests or children are allowed in the test center.**

Copyrighted Examination Questions

All test questions are the express copyrighted property of NIC. It is forbidden under federal copyright law to copy, reproduce, record, distribute or display these test questions by any means, in whole or in part. Doing so may subject you to severe civil and criminal penalties, including prison incarceration and/or fined up to \$250,000 for criminal violations.

Prohibited Items

No food, beverages, purses, notebooks, magazines, backpacks, briefcases, hats, caps, reference books or electronic devices such as cameras, computers or computerized devices, iPods, radios, recording devices, portable fax machines, cellular telephones, calculator watches, reproduction equipment, smoking or the use of tobacco are strictly prohibited in the examination room. Failure to comply with any of these conditions will result in you being dismissed immediately, and your actions reported to the proper authorities. PCS is not responsible for **any** personal items brought to the examination site.

Environmental Distracters

Although every attempt is made to provide a quiet and comfortable test environment, noise and room temperature may be an unforeseen and unavoidable distracter. It is suggested that you wear the type of clothing that would allow you to adapt to a cooler or warmer climate at the testing site.

Examination Results

Score Notices

An official score notice will be e-mailed to you at least 10 business days after your examination date. *An unofficial pass or fail notice will be provided to you by PSI after you take the theory examination.* If you do not receive an e-mail within this time frame, you may print a score notice by logging into your PCS account.

State Score Requirements

The minimum score required to pass both the theory and practical examination is 75. If you fail an examination, PCS will provide a strengths and weakness report (located at bottom of score notice) and information on how to re-apply online. Once you pass both the theory and practical examination, you will receive a *Notice of Completion*.

State Score Requirements

Once all required examinations have been passed, PCS will electronically notify the Arizona Board office of your status so that your license can be issued.

National Nail Technician Written Examination

Cleaning & Disinfecting of Circulating and Non Circulating Tubs and Spa's for All Industry Modalities.

The recommended cleaning and disinfecting standard for all circulating and non circulating tubs or spas are: (the use of eye goggles and nitrile protective gloves are recommended and exposure of the client's feet, or other skin areas of the body to disinfectants should be avoided).

After each client or service:

1. Drain the tub.
2. Clean the tub according to manufacturer's instructions. Take special care to remove all film, especially at the water line. Rinse the tub well.
3. Fill the tub with water.
 - a. Add appropriate disinfectant into the water according to the following:
 - i. At Minimum, use an EPA registered, bactericidal, virucidal, fungicidal, and pseudomonacidal (Formulated for Hospitals) disinfectant that is mixed and used according to the manufacturer's directions, **EXCEPT TUBS THAT HAVE COME IN CONTACT WITH BLOOD OR BODY FLUIDS.**
 - ii. **If a Tub has COME IN CONTACT WITH BLOOD OR BODY FLUIDS** at minimum, an EPA registered disinfectant that is effective against HIV –1 and human Hepatitis B Virus or Tuberculocidal that is mixed and used according to the manufacturer's directions shall be used.
 - b. Allow the disinfectant to stand for non circulating tubs or to circulate for circulating tubs for the time specified according to the manufacturer's instructions.
4. **At the end of the day remove all removable parts (filters, screens drains, jets, etc)** clean and disinfect the removable parts as follows:
 - a. Scrub with a brush and soap or detergent until free from debris.
 - b. Rinse.
 - c. Completely immerse in an EPA registered, bactericidal, virucidal, fungicidal, and pseudomonacidal (Formulated for Hospitals) disinfectant that is mixed and used according to the manufacturer's directions.
 - d. Rinse.
 - e. Air dry.
5. Replace the disinfected parts into the tubs. (drains, jets, etc) or, store them in a disinfected, dry, covered container that is isolated from contaminants.

Salons are choosing to purchase extra drains and removable parts so the parts can immediately be changed out with pre disinfected parts saving time between clients. If so, any part which has COME IN CONTACT WITH BLOOD OR BODY FLUIDS must at minimum be disinfected with an EPA registered disinfectant that is effective against HIV –1 and human Hepatitis B Virus or Tuberculocidal that is mixed and used according to the manufacturer's directions. Storage as in number 5 above.

Adopted August 2007

State Practical Examination Guidelines

The Arizona State Board of Cosmetology requires you to be examined on the following services on the practical examination:

Core Domain Services

- Set Up and Client Protection
- Manicure
- Nail Tip

National Nail Technology Practical Examination

Important Instructions

- Do not leave the examination area without permission. Permission must be obtained to leave the examination area for any reason, including restroom usage or at the completion of the examination.
- Candidates are required to bring their own kit with sufficient quantity of supplies in sanitary condition. This includes the required implements in proper working order and protective drapes. The kit must be kept closed except when removing or replacing materials for a particular service. The kit will be used during the examination as dry storage and is considered part of the work area.
- All examinations are administered in a testing environment. Candidates should bring a container of water if needed for any section of the examination. Candidates may bring a thermos of hot water if desired. All water and their containers must be taken with the candidates and may not be disposed of at the testing facility.
- Candidates are evaluated at all times. Continue demonstrating until you have completed the entire section.
- Candidates will be given 10 minutes for client protection and to set up the general supplies that they will use throughout the examination. Candidates will also set up the supplies for the basic manicure section of this examination.
- Candidates will also be given 2 minutes to set up the supplies for each section of the examination.
- The verbal instructions will be read twice for each section of the examination. Each examination section has a maximum time allowance. Once you have completed all tasks in the section please turn the hand toward the examiner to indicate that you are finished. In the event that all candidates complete the section before the time has elapsed the examiners will proceed to the next section of the examination.
- Candidates must follow all appropriate public protection and infection control procedures during all phases of the practical examination that will ensure the health, safety, and welfare of the public. In the event of a blood spill candidates will be expected to follow the NIC Health and Safety Standards. Failure to do so may result in your dismissal from the examination.
- Cellular phones, pagers, any electronic device, printed materials, and handwritten notes are NOT permitted in the examination room. Talking to other candidates or any examiner is strictly prohibited. Failure to comply with any of these conditions will result in you being dismissed immediately, and your actions reported to the proper authorities. Your examiner has been instructed not to answer any questions concerning your examination. This ensures equal opportunity for all candidates and standardization in testing for the National Practical Examination. If you have an emergency situation please ask to speak with the supervisor.
- Manufacturer's labels are required on all disinfectants and sanitizers. An EPA registered disinfectant that demonstrates bactericidal, fungicidal and virucidal properties must be used. Simulated products are NOT allowed for disinfectants and hand sanitizers.

Mannequin(s)

You are required to bring a mannequin hand(s) for the practical examination. Mannequin hands with digital fingers (trainer hands) are **NOT** permitted during the examinations. Prior to reporting to the examination candidates **MUST** apply a set of nails to the mannequin hand. The artificial nails must cover the entire nail bed of each finger.

National Nail Technology Practical Examination

NIC Health and Safety Standards Blood Spill Procedure

If a blood spill should occur, the following steps MUST be followed:

- **SUPPLY INJURED PARTY WITH LIQUID STYPTIC/ANTISEPTIC AND THE APPROPRIATE DRESSING TO COVER THE INJURY.**
- **DOUBLE BAG ALL BLOOD-SOILED (CONTAMINATED) ARTICLES AND LABEL WITH RED OR ORANGE BIOHAZARD WARNING.** This is the responsibility of the candidate and should be executed as follows:

CANDIDATE INJURY – FOR EXAMINATION PURPOSES

1. **PROTECTION** – If a cut is sustained, stop the service and clean the injured area.
2. **APPLY** antiseptic and/or liquid or spray styptic as appropriate (*see NOTE*).
3. **DRESSING** - cover the injury with the appropriate dressing.
4. **COVER** injured area with finger guard or glove as appropriate.
5. **CLEAN** model/client and station as appropriate.
6. **DOUBLE BAG** and dispose of all contaminated objects. Clean hands with antimicrobial cleanser.
7. **RETURN** to service.

MODEL INJURY – FOR EXAMINATION PURPOSES

1. **STOP** service.
2. **GLOVE** hands of candidate/student/licensee.
3. **CLEAN** injured area as appropriate.
4. **APPLY** antiseptic and/or liquid or spray styptic as appropriate (*see NOTE*).
5. **COVER** the injury with the appropriate dressing to prevent further blood exposure.
6. **DOUBLE BAG** and dispose of all contaminated objects. Clean hands with antimicrobial cleanser.
7. **RETURN** to service.

EXAMINERS:

- **EXAMINER IS TO USE UNUSED DISPOSABLE LATEX GLOVES OR NON-ALLERGENIC EQUIVALENT WHEN CHECKING THAT CANDIDATE'S SERVICE. DOUBLE BAG AND DISPOSE USED GLOVES.**
- **FOLLOW WITH ANTIMICROBIAL SCRUB ON HANDS.**
- **DOCUMENT INCIDENT IN BLOOD SPILL LOG.**

NOTE: DO NOT ALLOW CONTAINERS, BRUSHES, NOZZLES OR LIQUID STYPTIC TO TOUCH THE SKIN OR CONTACT THE

WOUND. USE AN APPLICATOR. EXAMINERS SHOULD ALSO COMPLETE AN INCIDENT REPORT.

Wet Disinfection Standard

1. All tools and implements, **EXCEPT THOSE THAT HAVE COME IN CONTACT WITH BLOOD OR BODY FLUIDS** must be disinfected, at minimum, by complete immersion in an EPA registered, bactericidal, virucidal, fungicidal, and pseudomonacidal (*Formulated for Hospitals*) disinfectant that is mixed and used according to the manufacturer's directions.
2. All tools and implements **WHICH HAVE COME IN CONTACT WITH BLOOD OR BODY FLUIDS** must be disinfected, at minimum, by complete immersion in an EPA registered disinfectant that is effective against HIV-1 and human Hepatitis B Virus or Tuberculocidal that is mixed and used according to the manufacturer's directions.

Dry Storage Standard

Disinfected implements must be stored in a disinfected, dry, covered container and be isolated from contaminants.

Hand Washing

(Anti-Bacterial Soap is recommended)

Thoroughly wash hands and the exposed portions of arms with antibacterial soap and water before providing services to **each client** and after smoking, drinking, eating, and using the restroom.

Nail Technology

Practical Examinations

Liquid Monomer containing *Methyl Methacrylate (MMA)* is **prohibited** for use during NIC practical examinations. NIC strongly recommends, due to the testing environment, that odorless sculpture nail products be used during the NIC practical examinations.

Adopted as amended October 2002

Frequently Asked Questions

General Questions

- 1. What is NIC?**
 - NIC is the abbreviation for the National Interstate Council of State Boards of Nail Technician, Inc. NIC is the founder of national testing for Nail Technician, and Nail Technician related fields.
- 2. Are the NIC examinations offered in other languages?**
 - All NIC practical examinations are administered in English. The NIC theory examination is administered in English only.
- 3. What if I do not know what a task means on the NIC practical examination?**
 - All questions and tasks are referenced to all textbooks listed in this Candidate Handbook. The information must be the same in all referenced textbooks in order for it to be used on the examination. NIC has a National Textbook Committee that works with the textbook companies to ensure the information is consistent and correct.
- 4. Will I be evaluated on technique?**
 - NIC examinations do not evaluate technique. The Candidate Handbook lists the tasks that are evaluated.
- 5. What if I have an emergency during the practical examination?**
 - You may ask to speak with the examination proctor if you are experiencing an emergency situation. Problems with the kit or supplies are not an emergency situation and you should do the best you can with what you have available.
- 6. What if I need to use the restroom during the practical examination?**
 - You may ask the examiner to be excused to use the restroom; you will be asked to sign out and back into the examination. The examinations will continue and they will not be permitted extra time.
- 7. What should I do if I cut myself during the examination?**
 - You are expected to follow the NIC Health and Safety Standards; failure to do so may result in your dismissal from the examination. Please refer to the page in this handbook that outlines the NIC Health and Safety Standards procedures.
- 8. What if I forgot to pack something that I need for the practical examination?**
 - In the event that you forget an item or implement or something breaks, you should do the best you can do with what you have available. You should continue as you are able and perform as many tasks as you are able.
- 9. Do kits need to have a cover and does it have to be kept closed during the examination?**
 - Implements and supplies must be in a closed container. Kits must be kept closed at the exam site except when removing or replacing supplies. Suitcases must be zipped shut.

Frequently Asked Questions

Specific Nail Tech Practical Questions

1. **Is the Nail Technology practical examination performed on a mannequin hand?**

- The Nail Technology examinations are performed on a mannequin hand. Prior to reporting to the examination, candidates must apply a set of nails to the mannequin's hand. The artificial nails must cover the entire nail bed of each finger. You must provide the necessary clamp required to secure a mannequin hand to the table during the examination. Mannequin hands with digital fingers (trainer hands) are **NOT** permitted during the examination.

2. **How do I know if I have a trainer hand (mannequin hand with digital fingers)?**

- Mannequin hands with movable joints (digital fingers) are considered trainer hands and are **NOT** permitted. Please see illustration below:

3. **What can I use if I can't find a mannequin hand?**

- You can use a surgical glove filled with corn meal.

4. **Do I need a wet sanitizer for the practical examination?**

- Wet sanitizers are not necessary because candidates cannot perform proper wet disinfection at their stations as they do not have access to hot running water.

5. **How do I hold the "skin" away from the sides of the nail while filing on a mannequin?**

- You should demonstrate positioning their fingers at the sides of the nail while filing. You should not hold the finger on the top or at the knuckle as this does not protect the "skin" at the sides of the nail.

6. **What is the proper way to file the nails safely?**

- The nail file must move from outside edge to center, you should not file back and forth or cut into the corners of the nail.

7. **Do I need to use a finger bowl to soak the mannequin's fingers?**

- You must soak the mannequin's fingers, but do not have to use a finger bowl. The fingers are very stiff and will be easier to soak in a regular bowl or container.

8. **How do I hold the cuticle pusher to avoid damaging the nail plate?**

- You need to hold the cuticle pusher with a little elevation when pushing the cuticle to avoid damaging the nail plate.

Frequently Asked Questions

9. **How do I determine the proper size nail tip to apply?**
 - The nail tip selected must match the width of the nail. If it is too wide you may file it to size. The nail tip cannot cover more than ½ of the nail plate. Less than ½ of the nail plate is fine.

10. **Am I required to cut the nail wrap? Can I file off excess wrap from the tip of the nail?**
 - You must demonstrate cutting and trimming the wrap during the examination. You cannot file off excess wrap as it breaks the weave of the fabric.

11. **Am I required to use an “odorless” sculptured nail product?**
 - You must use an odorless or low odor sculptured nail product. The product must be in the original container and it must be labeled “odorless or low odor” in English. Candidates will be instructed to open their liquid to verify that the product is “odorless or low odor”. If it is not, you will be instructed to tape the bottle shut and will not be permitted to use it. Candidates will be told to do the best they can with what they have available.

12. **Is it all right if the primer gets on the skin?**
 - The primer should only be applied to the nail plate and not on the skin.

13. **How is the nail form applied?**
 - The nail form must fit snug under the nail without any gaps.

14. **Does NIC specify how long the sculptured nail must be when completed?**
 - You must extend the free edge to be longer than the nail that is attached.

15. **Is it all right to file on top of the sculptured nail product?**
 - You must file the sculptured nail product on the top of the nail and then buff the product.

16. **Does the sculptured nail product have to be applied using a particular method?**
 - You may apply product as they were taught. NIC does not evaluate technique and they do not specify one ball, two ball, etc.

17. **What will the examiners look for in the finished sculptured nail?**
 - The finished nail must taper to a thin edge. The curve of the nail needs to be balanced and not flat.

18. **Do I need to recap the sculptured nail powder and liquid?**
 - You must recap the powder and the liquid when they are not in use. The nail filings will contaminate the products.

19. **Can I use one bottle for the base coat and topcoat?**
 - The base coat and topcoat can be the same product but it must be labeled base/top coat.

Frequently Asked Questions

20. **Does the examiner evaluate the polish application and the number of coats applied?**

- You must cover the entire nail plate with polish. Polish on the skin must be cleaned off. The number of coats applied is not evaluated.

21. **When will the examiner check the finished nail?**

- The examiner will check the finished nail when you have turned the hand toward the examiner to indicate that they are finished.

22. **Do I need to recap all bottles and jars during the examination?**

- You must keep all bottles and jars capped when not in use. The glue must be recapped when not in use.
